Commissioners' Corner

Spring is nearly here, and with it comes a fresh season of new growth and reconnection throughout the Centerville-Washington Park District. As your

Park Commissioner, I'm delighted to share updates on what's happening across your parks, as well as the many ways you can dive into a vibrant lineup of outdoor experiences.

This year, camp registration opens earlier than ever on March 2! Families can look forward to a wide variety of options, including outdoor adventure, arts and creativity, recreational games and nature-based discovery. Camps continue to be one of the best ways children and teens build confidence, deepen their connection to the outdoors and create memories that last far beyond the summer months.

Spring programs abound for all ages. Whether you're interested in crafting, DIY workshops, birding, wildflower identification, fitness and wellness opportunities, or community events, there is something happening almost every day of the week. If you ever need modifications to participate in a CWPD program, our team is here to help.

This spring brings improvement projects that cover necessary maintenance of existing facilities as well as new enhancements that create outstanding park experiences.

- **Activity Center Park Pickleball Courts** – Upgrades to increase playability for the continually-growing pickleball community, including resurfacing, seating and shade.
- **District-Wide Pavement Improvements** – Per the Park District's pavement analysis, several parks will be addressed, including Oak Grove, Activity Center and Iron Horse Trail.
- **Grant Park Master Plan Implementation** – Staff will continue to implement the trail plan set forth by the community driven master plan.
- **Community Park Shade Improvements** – Five community parks will see additional shade to improve visitor experience during those warm, sunny days.

DID YOU KNOW?

The Centerville-Washington Park District Board of Park Commissioners holds public meetings once a month.

View the schedule at

cwpc.org/about/public-meeting-schedule/

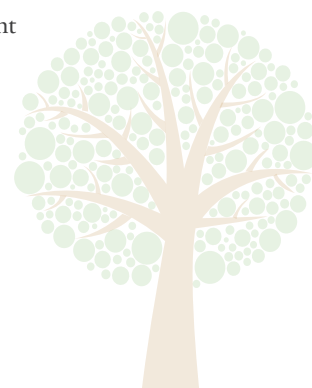

These projects reflect our commitment to stewardship, accessibility and continuous improvement across the entire Centerville-Washington Park District park system.

We also remain focused on strengthening our natural areas. From trail stewardship to expanding pollinator habitats to offering hands-on environmental education, we continue to prioritize conservation efforts that help our community explore and appreciate the natural spaces right here in suburban Dayton. This spring, we invite you to join our program team for pollinator-friendly gardening workshops, butterfly surveys and guided naturalist hikes. These engaging experiences are designed to help you connect with and care for these important landscapes.

As always, partnerships and sponsorships continue to play a vital role in our success. Collaboration with local organizations, businesses and service groups allows us to bring innovative ideas to life. If you're interested in partnering with the Park District, we would love to hear from you at mail@cwpc.org.

Thank you for your ongoing support and enthusiasm for the parks that make our community such an extraordinary place to live. I look forward to seeing you out enjoying warmer, greener days! Together, we continue to cultivate parks and programs that inspire discovery and joy for all.

Summer Camp Volunteers

Volunteer opportunities are available for ages 14 and up at CWPD summer camps! Volunteering allows for a flexible schedule and is a great way to earn service hours, gain experience and learn job skills.

If you or your child are interested in volunteering at one of our summer camps this year, please visit our volunteer page at cwpd.org/support/volunteer/ for more details and to find the volunteer application. Once you sign up, you will receive an email to sign up for an interview with the Community Engagement Coordinator.

Volunteers must be screened and complete required training to become a camp volunteer. We ask that volunteers commit to at least three or more days during the course of the summer. We will work around your schedule! You will be given different camp options in order to make it the best experience for you.

Shelter Reservations

Perfect for birthday parties, graduation parties, family reunions and more, large group shelters are available in eight CWPD parks. Shelters are reservable beginning at noon on the first business day in January for the current year. Reservations may be made online for shelter use during the months of April through October. Please contact us if you would like to reserve a shelter for use during the months of January, February, March, November or December.

Accessible Fire Circle Opens at Bill Yeck Park

Centerville-Washington Park District celebrated the opening of the John Meyer II Memorial Fire Circle at Bill Yeck Park with a ribbon-cutting ceremony on November 20. The new amenity was designed to ensure people of all abilities can safely and comfortably gather around a campfire and enjoy time outdoors together.

Located near the Smith House entrance, the fire circle features an ADA-compliant pathway, an accessible surface and inclusive seating options. These design elements remove barriers and invite everyone to participate in a classic park experience, sharing warmth, conversation and connection.

The project reflects the Park District's ongoing commitment to accessibility and inclusion across your parks and facilities. It was made possible through generous private donations to the **Foundation for Centerville-Washington Parks**, whose support helps expand opportunities for all residents to enjoy nature.

The John Meyer II Memorial Fire Circle is now available for group reservations, offering a welcoming new gathering space for family events, educational programs and community celebrations.

Financial Assistance for Fees Is Available!

The Park Board understands residents may encounter financial challenges that could limit their ability to participate in CWPD camps or programs. Fees should not be a barrier to participation for residents who are experiencing financial challenges. Assistance is available to Centerville and Washington Township residents! The financial assistance guidelines and an application may be found on cwpd.org/forms/.

SUMMER CAMPS

JUMP ON THE SUMMER CAMP FAST TRACK!

In an effort to improve your camp registration experience, we have created a way for you to fill out the required camp forms PRIOR to the first day of camp registration. This will make your camp registration go faster, and decrease the chance that your child will be placed on a camp waiting list.

STEP ONE: Register your child for “2026 Forms Fast Track” on cwpcd.recdesk.com beginning on February 9

STEP TWO: At checkout, complete the required Medical History Form and Authorized Pick-Up Form as instructed.

By registering for this fast track “program”, you will bypass the forms step during the camp checkout process!

Please note, this does NOT register your child for any camps. It simply serves as a way to expedite your camp registration by completing the required forms ahead of time. Additionally, Park District staff will be able to send you updates and reminders leading up to camp registration by using the list of those who have completed the forms.

If you do not take this step, you can complete the Medical History and Authorized Pick-Up forms during regular camp registration. However, the registration system will not hold the camps/programs in your “cart” or hold your child’s spot until all forms have been completed and payment is received.
